

Report a credit card limit to qualify your borrower.

Who is Veracity?

Veracity is the only established credit optimization company to truly partner with the mortgage industry. We work with thousands of mortgage companies and loan officers across the country, and measure our program by achieving successful financing for you and your clients. Simple automatic “disputes” of negative payment history ignore more than 65% of what makes up a credit score! The guidance for client behavior and focus on the obscure details are what yield true credit optimization.

- National Association of Mortgage Brokers (NAMB) – *Industry Partner; Credit Scoring Committee*
- Inc. Magazine/Initiative for a Competitive Inner City – *Inner City 100 Companies to Watch 2006*
- Organization for Responsible Credit Advocates (ORCA) – *Founding Member*

“Credit Repair:” Now a recognized service for the mortgage industry.

Veracity is RESPA compliant.

The Veracity Value Proposition

- Close unqualified loans
- Refinance all sub-prime loans
- Leverage existing book of business
- No administrative hassles from credit
- Optimize credit scores beyond “negative history”
- Manage clients more than 30 days from closing
- Resource for current credit industry news

The real impact of the newest credit scoring models.

Veracity Candidates

- Borrower that needs a better program
- Outstanding collection problems
- Real estate investors
- Small business owners
- Freshly discharged bankruptcy
- Sub-prime loans
- Anyone recovering from financial hardship
- Loan officers! Set a good example!

The Veracity program can help nearly everybody, whether the candidate is recovering from financial hardship, needs to establish more credit, or wants to protect their good credit. The only candidates that may not qualify for the Veracity program are those that cannot make current payments, for whom debt consolidation and perhaps bankruptcy are more realistic next steps.

The answer for clients not reporting scores.

The Truth about Credit Repair

What is credit repair? Scams? Deletions? Not any more. Scams aren't allowed and deletions aren't enough. The credit repair industry is growing up. Leading the way are legitimate, professional firms serving "credit optimization" and "credit management," not just repair. As a U.S. consumer, your credit has become your most important asset and enabler, and something you want an expert team to help protect. And as a mortgage leader, a professional credit repair group might become your most important partner.

Raise a credit score by inheriting credit.
